

SENIOR MECHANICAL DESIGN ENGINEER

Contract: **Permanent**

Hours: **Full Time**

Salary: **Competitive**

Location: **Birmingham City Centre/Jewellery Quarter**

Start Date: **Immediate**

We provide Mechanical and Electrical building services design, net zero carbon, and Responsible Building advice for a wide range of developments including commercial, offices, industrial, residential and medical projects. We have earned a reputation for great client service and high-quality design output which each of our team members is committed to maintaining. We are now looking to consolidate our team by recruiting a **Senior Building Services Mechanical Design Engineer**.

Key Responsibilities:

The role will primarily involve working within a multi-disciplined team providing design and technical advice on projects for internal and external clients.

- Design of commercial, industrial, medical, leisure, retail, extra care homes, residential and mixed-use schemes etc.
- Production of drawings, reports and specifications
- Direct client and external team liaison on technical issues
- Project management & general co-ordination
- Management of suppliers/monitoring contractors
- Encouraging the use of sustainable design
- IT skills (including the ability to use industry standard software)
- Competent in the use of IES or EDSL TAS software

Essential Skills & Qualifications:

- Relevant qualifications and/or demonstrable experience within building services engineering
- A sound and proven knowledge of mechanical building services engineering
- Excellent written and spoken communication skills
- Ability to prioritise own workload
- Ability to work as part of a team and manage colleagues where appropriate
- Building services design experience preferred
- Desire to advance our business and your own career

Desirable Skills & Qualifications:

- Membership of relevant society (e.g. CIBSE)
- Knowledge of the principles of sustainable design
- Full UK driving licence
- Engineering Council registered

Benefits:

We are committed to offering each of our team members fantastic development and qualification opportunities in an **employee owned business**. Each team member enjoys benefits including:

- Very competitive salary
- Contributory pension scheme
- Study/professional qualification assistance
- Fully supported professional career progression pathway
- Enhanced maternity/paternity/shared parental leave
- Paid time off to volunteer in the community
- Flexible working arrangements
- Generous holiday allowance
- Employee-owned business
- Death in service benefit
- Cycle to work scheme
- Employee assistance programme

We pride ourselves on working closely with a great client base, providing excellent services and advice to each of them whilst sharing our passion and commitment for improving the built environment.
